b. During this time, four tapes were produced and shipped to the PYREX station for broadcast into the USSR. These broadcasts are scheduled to cover the period of time up to and including the 21st of May. In addition to the scripts and tapes the panel has submitted for review several drafts of articles for the proposed English language publication. These articles were reviewed and commented upon by the case officer and returned to the panel for redrafting.

In the development of the political drive against the Soviet imperialism, the panel is preparing detailed plans for sending their representatives to the Middle East in order to publicize the fact of the existing political oppression of the nationalistic minorities within USSR. The detailed preparation for this political action require planning of extensive contacts with the intellectual and political groups in the Middle Eastern countries. The program of the activities and the itinerary of the trip are being prepared by the panel.
